

Financial Tips on How to Start Your Business

Consejos Financieros para Comenzar Tu Negocio

Join us for our MYB Financial Tips Course!

Starting a new business in the competitive business world is an exhilarating experience, but it is also risky. Learn financial tips that would help entrepreneurs in managing small business finances.

Ayisha Essick

CEO of OnTime Accounting & Business Management Services LLC

She has worked alongside Executives, Small Business Owners, and CEOs for the last 15 years.

She's tackled tasks and responsibilities from payroll, administrative, human resource tasks and business development brainstorming and held positions from Bookkeeper, Sr Tax Planner to Controller for over 23 years. She's a graduate of Devry and a current International Business Student of Keller School of Management. Gaining the nickname "Financial Linguist" because she enjoys creating projections and goals for the first time Small Business owner and creating personal budgets which work as translations for her clients that don't speak the language of money.
